Impression of a former IB exchange student

"The opportunities at ESB Business School are endless. As an international business degree major I have found the course work to be very practical and relevant to my future career goals. The professors cultivate a classroom environment that is inspirational and challenging. The international diversity is amazing. I have met so many motivated and dedicated students from all over the world. The team spirit at ESB is also very contagious: you'll find yourself wanting to be involved in everything right from the beginning."

(Clinton Wall, exchange student from the USA)
